

Hear from a Trusted Expert and Psychedelic Scientist

Psychedelic Support accelerates personal and global transformation by advancing responsible psychedelic-assisted therapy through our leading directory of providers and accredited online education.

Allison Feduccia, PhD
Co-founder & CEO
afeduccia.com

Hi! I'm Dr. Feduccia

A neuropsychopharmacologist and psychedelic researcher. I've been studying psychedelics and mental health treatments since 2004 at organizations including the [NIH](#) and [MAPS](#). At Psychedelic Support we facilitate the spread of evidence-based knowledge, connection to resources, and strategies for individuals to maximize the potential therapeutic benefits of psychedelics through safe and responsible practices.

Let's chat!

Our Psychedelic Support team can offer expert content and conversation about:

- Psychedelics & mental health disorders (PTSD, substance use, depression, anxiety, etc).
- The changing landscape of psychedelic science and industry.
- The importance of psychedelic education for professionals.
- Psychedelic pharmacology, psychological mechanisms, therapeutic approaches and clinical trials.
- Advancing public understanding of psychedelics.
- Psychedelics for women's health issues.
- Equine-assisted services for integration.

Psychedelics are changing the world.

- Dr. Feduccia has [authored](#) 28 publications on psychedelics and mental health in peer-reviewed journals.
- Psychedelic Support offers a robust [network](#) of psychedelic-informed mental health professionals.
- Psychedelic Support leads in accredited online psychedelic [education](#) for professionals.
- We're a team of psychedelic science and industry experts.
